

REMARKS

This responds to the Office Action dated June 13, 2006.

Claim 8 is amended. As a result, claims 1-20 are pending in this application.

It is noted that this amendment to claim 8 was previously submitted in the Amendment and Response, dated October 13, 2006. However, this amendment was not entered. As noted on page 2 of the Advisory Action, dated October 27, 2006, “the amendments to claim 8 would be entered after-final if a separate paper were filed containing only such amendments. . . . Such amendments are believed to overcome the 112 rejection set forth in the Final Office Action of 6/13/06, and thus place the application in better condition for appeal.” For this reason, the amendment to claim 8 is resubmitted herein.

§112 Rejection of the Claims

Claims 8 (and 9-14 depending therefrom) were rejected under 35 USC § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which Applicant regards as the invention. Claim 8 was amended to clarify the subject matter therein. The amendment makes express what was implicit in the claims as originally worded. Reconsideration and withdrawal of the rejection of claim 8 and claims 9-14 dependent therefrom are respectfully requested.
